

Doe and Litter / Sow and Litter Project Proper Care Pamphlet

All exhibitors bringing a Doe/Sow and Litter Project must put together a Proper Care Pamphlet. This is to ensure exhibitors are properly selling their stock, to ensure they are providing their buyers with the best stock, and protect you as a seller.

In your Proper Care Pamphlet please include the following:

- Screening Questions (questions you will ask potential buyers to ensure they are a good fit. Please come up with at least 5 screening questions – remember it is your responsibility to make sure your animal is going to a good home!)
- A Sales Policy (an example is attached below. Please make sure your buyers know our Sunday pick up policy. It may be a good idea to have animals picked up after fair to ensure the least amount of stress/change. The babies are more vulnerable to increased stress after being at the fair all week. However, this is up to you.)
- A Rabbit / Cavy Care Sheet (this should include all the basic information needed to know about caring for a rabbit / cavy)
- Supply List (everything your potential buyer will need prior to picking up their new animal)
- ALL Animals sold MUST come with a bag of transition feed. Please make sure you explain how to transition their animal if they will be changing feeds.

Please bring your completed Proper Care Pamphlet when you bring your animals to fair check in to be approved. ALL Proper Care Pamphlets must be approved by the Species Chair before you can post for sale signs. Each buyer must be screened, and must receive a copy of your Sales Policy, Care Sheet, Supply List, and transitional feed.

*This is an example Sales Policy provided by DG's Hops and Lops Rabbitry to help give you ideas to construct your own Sales Policy to provide to your buyers. When constructing your sales policy please keep in mind the purpose of this is to ensure you are providing your buyer with the best possible stock and protecting yourself as a seller. Sales policies must be constructed around our fair/guidelines. Sales policies must be approved by the Species Chair prior to you posting For Sale signs.

DG's Hops and Lops Sale Policy

Rabbits will not be sold before 8 weeks old.

All rabbits being bought will require a 50% non refundable deposit.

Payment methods accepted: PayPal and cash. If PayPal is used you must send it under family and friends.

All rabbits will leave with a bag of transition feed, a pedigree (unless stated otherwise), and a care sheet.

All sales of rabbits are final, no refunds.

All rabbits will leave already tattooed.

Any rabbit being sold from this Rabbitry will be thoroughly looked over, and is to the best of our knowledge healthy and ready to be rehomed. Once purchased you are confirming that you agree the rabbit is in a healthy condition.

We hold the right to refuse to sell to anyone we deem not fit to buy one of our rabbits for the safety of the rabbit or the living conditions.

Before contacting us about a rabbit please be sure you are allowed to have rabbits. If you rent, live with roommates, etc have it arranged where your allowed to have rabbits where you live.

We can happily answer any questions however we do suggest doing your research before committing to buying a rabbit, remember they are a lifetime commitment.

Pedigrees are not to be altered in any way. Our Rabbitry name "DG's Hops & Lops Rabbitry" is to stay on the pedigree and the prefix DGHL___ is also to stay while you can name the rabbit what you wish. The ear tattoo may not be changed in the future.

We cannot guarantee a rabbits show or breeding results.

Please bring your own carrier upon pick up.

Our Rabbitry is a closed Rabbitry we do not allow strangers to come to our Rabbitry to pick up their rabbit, a meeting place will be arranged.

If a deposit is not put on a rabbit within 24 hours of showing interest it will still be available for others to put a deposit on.

We can deliver rabbits to upcoming shows that we will be attending.

We are not responsible for the health of the rabbit after it leaves as it is impossible to know what happened after the rabbit has left and what conditions it has been in.

If you decide to get the rabbit transported we are not responsible for the rabbit after it leaves our hands.

It is up to you to arrange transport, we are willing to help but it is your responsibility.

If the buyer doesn't show up to the meeting spot on the day and time scheduled the rabbit will be reposted for sale and you will have forfeited your deposit. We are more than reasonable to reschedule if notified in a reasonable time before pick up would have happened, remember to consider the amount of a drive we will be making to meet you.

If someone is to back out or not pick up we will work our way down the line to the next person interested.

If for some reason you are unable to keep the rabbit we can take it back or help you find it a new home.
