

2016 Northeast Ohio Private Pesticide Applicator Re-Certification Session & Commercial Fertilizer Application Certification Sessions

Private Pesticide Recertification- Does your Private Pesticide Applicator's License expire on March 31, 2016? If so, OSU Extension in Northeast Ohio has planned four pesticide re-certification sessions for producers. Each of these sessions will offer 3 credits for pesticide re-certification for CORE and All Categories (1-6). Private Pesticide Applicators are encouraged to choose the session which best fits their schedule the best.

Commercial Fertilizer Applicator Certification- A special session will be held during the same day and location for private pesticide applicators and farmers who would like to complete their Commercial Fertilizer Application Certification (note: no session in Perry). Due to Ohio's new legislation, any producer who applies commercial fertilizer to 50 or more acres must be certified by no later than September 30, 2017. Attend this session to complete your certification.

Program Dates:

- Friday, January 15, 2016 at the Williamsfield Community Center in Williamsfield, Ohio.
 - Private Pesticide from 9:00 to 12:00 noon & Fertilizer Applicator Certification from 1:00 to 4:00 p.m.
